

What knowledge resources on adaptation and human settlements have been generated under the NWP?

Documents:

- ◆ Synopsis series document on “Human settlements and adaptation planning processes: overview, good practices and lessons learned” (http://unfccc.int/files/adaptation/application/pdf/6_synopsis_himan_settlements.pdf; 2016)
- ◆ “Good practices and lessons learned in adaptation planning processes addressing ecosystems, human settlements, water resources and health, and in processes and structures for linking national and local adaptation planning: a synthesis of case studies” ([FCCC/SBSTA/2015/4](http://unfccc.int/files/adaptation/application/pdf/6_synopsis_himan_settlements.pdf); 2015)
- ◆ “Synthesis report on methods and tools for, and good practices and lessons learned relating to, adaptation planning processes addressing ecosystems, human settlements, water resources and health, and good practices and lessons learned related to processes and structures for linking national and local adaptation planning” ([FCCC/SBSTA/2014/4](http://unfccc.int/files/adaptation/application/pdf/6_synopsis_himan_settlements.pdf); 2014)

Databases:

All databases of organizations, case studies, tools/methods, action pledges and knowledge resources on the issue of human settlements and climate change adaptation can be browsed through the advanced search page of the **Adaptation knowledge portal**. (<http://www4.unfccc.int/sites/NWP/>)

The Nairobi Work Programme *and human settlements*

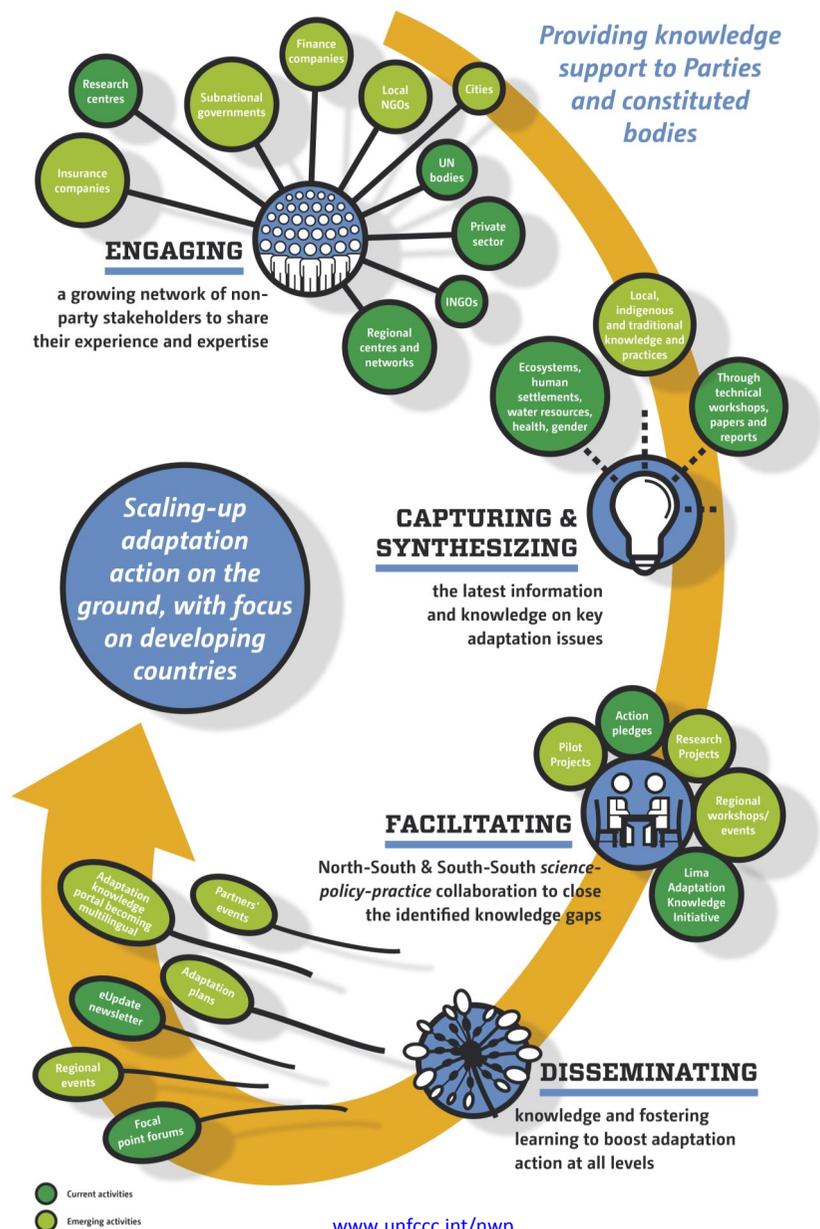

A brief presentation of the Nairobi work programme, its emerging work on human settlements and adaptation, and relevant knowledge resources.

July 2016

What is the role of the Nairobi work programme within the UNFCCC?

Advancing adaptation action through knowledge

What are the upcoming activities on human settlements and adaptation under the Nairobi work programme?

May, 2017

Summary of current initiatives

by 20 September, 2017

Call for submissions on good practices, lessons learned and available tools and methods, including on the following topics:

1. Assessing sensitivity and vulnerability to climate change
2. Integrating short- and long-term climate considerations (including both extreme and slow onset events) into planning
3. Role of national governments in supporting local adaptation
4. City-to-city partnerships on climate change
5. Linkages to the National Adaptation Plan process

Parties submit online:

<http://unfccc.int/5900.php>

Organizations send submissions to:

secretariat@unfccc.int and nwp@unfccc.int

November, 2017

11th Focal Point Forum on human settlements and adaptation

May, 2018

Synthesis Report
