Executive Secretary,

Bonn, Germany.

Subject: Communication of the Second Nationally Determined Contribution of the Kingdom of Bhutan

Your Excellency,

I have the pleasure to submit the Second Nationally Determined Contribution of the Kingdom of Bhutan.

Bhutan's Second NDC not only reaffirms its commitment to remain carbon neutral as pledged in its first NDC, but also presents enhanced targets, measures, and actions to integrate and mainstream climate priorities in Bhutan's development planning and policies.

The adaptation needs and priorities of Bhutan as a highly vulnerable, landlocked, mountainous, and least developed country shall be communicated at a later stage through the Adaptation Communication.

Bhutan remains committed to the goals of the Paris Agreement and of any instrument and mission that arises under the UNFCCC process.

Please accept, Your Excellency, the assurances of my highest consideration.

Yours Sincerely,

Dr. Tandi Dorji
Chair, National Environment Commission,
Minister for Foreign Affairs.
