## **SUBMISSION OF THE INTERIM NATIONALLY DETERMINED CONTRIBUTION REPORT**

Pursuant to decision 1/CP.21, paragraph 24 Uganda updates and enhances its nationally determined contribution (NDC) under the Paris Agreement, in order to meet her obligation under Article 4.9 to communicate NDCs every five years, and responding to the requests in paragraphs 23 to 25 of decision 1/CP.21.

Whilst the initial (I)NDC has a strong bearing on mitigation, Government of Uganda is updating her current with adaptation as priority and commitment to reducing GHG emissions.

The structure of the update is still evolving and is consistent with the first NDC, including components on adaptation, mitigation as well as support requirements for both.

It is on this basis that we are submitting an interim report with assurance that the revised NDC shall be submitted on or before 30 December 2021.

We believe once the process is complete this updated NDC is a marked improvement both in the process and the contextual detail by which the 2030 sectoral goals were determined.
